KALAGOTLA SUJANA KUMARI

Contact: 9573050737

Email :sujanakalagotla0203@gmail.com

PROFESSIONAL SUMMARY

AI Trainee / Junior AI Engineer aspirant with strong academic and teaching background in Computer Science and hands-on exposure to Python, Machine Learning, Data Analysis, and AI tools. Experienced Assistant Professor with research publications in Machine Learning, Deep Learning, Blockchain, and AI-driven systems. Passionate about transitioning into an industry-focused AI role by leveraging analytical thinking, programming skills, and real-world problem-solving abilities.

CORE AI & TECHNICAL SKILLS

Programming & Data

- Python (core, data handling, scripting)
- SQL (basic to intermediate)
- Java, C (fundamentals)
- JavaScript (basics)

AI & Machine Learning

- Machine Learning Algorithms (Regression, Classification, KNN, SVM, Naive Bayes)
- Deep Learning basics (CNN)
- Data Analysis & Feature Engineering
- Model Evaluation & Validation
- AI Prompt Engineering & AI-assisted development

Tools & Platforms

- Jupyter Notebook
- Git (basic)
- AI tools: ChatGPT, Gemini,Hugging Face,Meta ,AI assistants

Other Skills

- Research & Technical Documentation
- Problem Solving & Analytical Thinking
- Teaching & Knowledge Transfer
- Communication & Presentation

PROFESSIONAL EXPERIENCE

Assistant Professor – Computer Science

KSRM College of Engineering & Technology | Feb 2022 – Present

- Teaching core computer science subjects including Python, Machine Learning, AI, DBMS, and Data Structures
- Guided students on ML and AI mini-projects using Python
- Conducted hands-on sessions on data analysis and ML algorithms
- Published and presented research papers in AI, ML, and Deep Learning domains

- Mentored students on research methodology and technical documentation

Assistant Professor – Computer Science

Annamacharya College of Engineering & Technology | Apr 2021 – Feb 2022

- Delivered lectures on Programming, AI fundamentals, and Web Technologies
- Supported students in Python and ML-based academic projects

Trainee

Bhaskara Info Services Pvt. Ltd. | Oct 2011 – Aug 2012

- Gained exposure to software development lifecycle
- Worked on basic programming and database tasks

AI & MACHINE LEARNING PROJECTS

Handwritten Digit Recognition

- Implemented ML and DL models using Logistic Regression, SVM, KNN, and CNN
- Performed data preprocessing, training, testing, and evaluation

Biometric Identification System Using Blockchain

- Designed secure identity system using Blockchain concepts
- Applied AES encryption and SHA hashing techniques

AI-Based Speech Recognition System (Patent)

- Proposed AI-driven speech recognition integrated with IoT for healthcare use cases

---

EDUCATION

- **Ph.D. (Pursuing)** – Computer Science
  Yogi Vemana University, Proddatur
- **M.Tech – Computer Science & Engineering** (2019)
  JNTUA College of Engineering, Pulivendula | CGPA: 8.53
- **B.Tech – Computer Science & Engineering** (2010)
  AVS College of Engineering & Technology, Nellore | 72%

CERTIFICATIONS & FDPs

- Introduction to machine Learning – NPTEL
- Python with Data Science – NPTEL
- Java Programming – NPTEL
- Data Analyst FDP – APSSDC & ExcelR (2023)
- AWS FDP – KSRM College of Engineering
- Azure Fundamentals – Microsoft
- Advanced Python Workshop – APSSDC

PUBLICATIONS & RESEARCH

- Research papers in Machine Learning, Deep Learning, Blockchain, and AI applications
- Published in international journals and conferences (2019–2025)

ACHIEVEMENTS

- APJ Abdul Kalam Vidya Puraskar Award – 2019

PERSONAL SKILLS

- Fast learner & self-motivated
- Strong analytical mindset
- Team collaboration & adaptability
- Effective communication skills

CAREER OBJECTIVE

To secure an AI Trainee / Junior AI Engineer role where I can apply my Python, Machine Learning, and AI knowledge to solve real-world problems while continuously upskilling in advanced AI technologies.

DECLARATION

I hereby declare that all the information mentioned above is correct. I hope my skills and potential meet your requirement.

KALAGOTLA SUJANA KUMARI
